

## Hawaiian Travel Experience

Mathews flew 3,600 miles from Orlando to his favorite place in Hawaii. It took him 360 minutes to arrive to his destination in a Boeing 747.

- How many miles did he travel in an hour?
- How much did he pay for his trip if every flown mile cost \$0.25?
- At what time did he arrive in **Hawaiian time** if he left Orlando at 3 PM.?

**Note:** Hawaii's time is 6 hours behind Orlando's time.

- Which place would you prefer to visit, Disney world or Hawaii?
