America's Poverty

Bruce called Nigel with the sad news that 1 out of 8 Americans lives in poverty. Nigel responded by saying that “it was not a big deal since it is not 2 out of 4 Americans living in poverty.” After surveying 14,600 Americans Bruce and Nigel want to find out:

- a. How many Americans live in poverty according to Bruce's estimation?**
- b. how many Americans don't live in poverty according to Nigel's estimation?**
- c. Whose estimation is worse, Bruce's or Nigel's?**
- d. What is the ratio between Bruce's estimation of Americans living in poverty and Nigel's estimation of Americans living in poverty?**
