

## Using Angles to Connect American Cities Math and Social Studies Integration

Use a straight edge to draw a line from the first city to the second city and then from the second city to the third city. Measure and record the angle.

**Note:** You need to find the cities on the map and draw the angles.

Connecting Cities	Kind of Angle (acute, right, obtuse)	Angle Measure
Phoenix, AZ Dallas, TX Omaha, NE		
Houston, TX Dallas, TX Tallahassee, FL		
Springfield, IL Dallas, TX Birmingham, AL		
Buffalo, NY Pittsburgh, PA Boston, MA
